

SECURE SHOWER CURTAIN SYSTEM BY DERBY

CURTAIN FEATURES

- Flame Resistant.
- Anti-bacterial, anti-fungal and mildew resistant to help increase the life of the fabric.
- Can easily be cut to accommodate custom lengths on site, with no threads fraying.
- Original Velcro® brand tabs sealed every 10" along the top of each curtain.
- Durable vinyl coated mesh screen curtain top (14") facilitates air flow.
- 16 oz. clear vinyl curtain base (13") to ensure safety and security.
- Privacy curtain middle is reinforced with a polyester scrim for greater rip stop.
- Curtains work with other Velcro® hung track systems.
- Curtains are made in the U.S.A.

RELEASABLE CURTAIN TAB FEATURES

- ¾" x 6" hook Velcro® brand tabs are fastened to Derby's molded slides, which gives the curtain a smooth glide when opening.
- The curtain tabs can be adjusted to pull away easily from Derby's molded slides for increased security.
- Releasable curtain tabs and molded slides are also both sold separately for replacement.
- Easy to install.
- Slides and tabs are made in the U.S.A.

DERBY SECURE SHOWER CURTAIN TRACK FEATURES

- Heavy duty, custom-designed anodized aluminum curtain track includes secure end stop and bit.
- Track can be pre-drilled for easy installation at no additional charge.
- Stainless security mounting hardware and security bits are available for additional charge.
- Track system made in the U.S.A.
