

Safety Garments and Safety Blankets

- **Derby Safety Garments & Safety Blankets are made with multiple layers of 1000 denier ballistic fabric laminated to a polyester inner padding and are quilted using heavy duty nylon thread.**
- **Derby Safety Garments have an internal anti-abrasion fabric quilted into the top portion to help prevent chafing.**

Safety Garment

- **Premium hook and loop fasteners are used for superior performance.**
- **The color of the Safety Garment & Safety Blanket is a neutral taupe shade, which shows blood easily if present.**
- **Independently tested to exceed Cal 117 and 16 CFR part 1632.**
- **The Safety Garment & Safety Blanket can be washed and dried using your standard methods. Do not bleach.**
- **Density of the Safety Garment & Safety Blanket makes it difficult to roll and fabricate into a noose.**
- **Easy fitting, one size fits most.**
- **The Safety Blanket can be used as a sleeping surface.**
