Secure Shower Curtain System By Derby

Curtain Features:

- Flame Resistant.
- Anti-Bacterial, Anti Fungal & Mildew Resistant to help increase the life of the fabric.
- Can easily be cut to accommodate custom lengths on site, with no threads fraying.
- Original loop tabs sealed every 10" along the top of each curtain.
- Durable vinyl-coated mesh screen curtain top (14") facilitates air flow
- 16oz. Clear vinyl curtain base (13") to ensure safety & security
- Privacy curtain middle is reinforced with a polyester scrim for greater rip stop.
- Curtains work with other hook & loop hung track systems.
- Curtains are made in the USA.

Releasable Curtain Tab Features:

- ¾" x 6" hook tabs are fastened to Derby's molded slides, which give the curtain a smooth glide when opening.
- The curtain tabs can be adjusted to pull away easily from Derby's molded slides for increased security.
- Releasable Curtain Tabs and molded slides are also sold separately for replacement.
- Easy to install.
- Slides and tabs made in the USA.

Derby Secure Shower Curtain Track Features:

- Heavy duty, custom designed anodized aluminum curtain track includes secure end stop and bit.
- Track can be pre-drilled for easy installation at no additional charge.
- Stainless security mounting hardware and security bits available for additional charge.
- Track system made in the USA.
